The meeting opened at 1:08 with approval of the Commission Minutes of July 15, 2005, as amended.

Judicial Conference

Dean Goldner highlighted the Access to Justice presentation of Judge Lora Livingston of Travis County, Texas at the Judicial Conference in El Dorado yesterday morning. Judge Livingston delivered an excellent overview of access to justice history, issues and actions in Texas and elsewhere to enhance their justice system. Many of the comments focused on actions applicable to the court systems. Judge Spears stated the discussion was well received. Mr. Lanoue reported that the eleven [11] surveys he gathered up as he was leaving revealed some interesting information which the Pro Se Committee and then the Commission will want to consider. [Judge Spears brought back from the Judicial Conference an additional thirty-two [32] surveys and more are expected to be returned by mail, fax, or email.]

Dean Goldner announced utilizing the same format as previous meetings that begin with committee reports and conclude with an overall discussion and decision-making process relative to all the committee recommendations.

Pro Bono Committee Report

Judge Spears presented the Bono Committee Report focusing on the Town Hall Meetings, a Commission/Legislative reception, and future outreach to the Quorum Courts following the Town Hall meetings.

Legal Services Committee Report

Ms. Frazier presented the Legal Services Committee Report highlighting the Texas Access to Justice DVD as a model for developing a similar tool in Arkansas, updating the radio PSA's of a few years ago, and setting a joint meeting of the Commission with the Legal Services Committee of the Arkansas Bar. In discussing the Committee's joint fund development plan, Dean Goldner asked Mr. Lanoue to present the additional

information contained in the meeting packet for members to add to their Environmental Assessment portion of their Commission handbook.

Environmental Assessment Information

Mr. Lanoue pointed out that the difference between poverty population statistics for both CALS and LAA varied only 6 hundredths of a percent at **100% and 125% of poverty**. The **Pro Se Resources** table showed the extensive information already available on the Arkansas Legal Services Partnership [ALSP] website and the more limited number of resources on other sites. The **Congressional District & Commissioners Map** was provided for information as the Town Hall meetings are implemented; so too the **Congressional Office Contact Information** that has already been employed to initiate contacts with Congressional office staffs. The **Arkansas Court Structure** should prove helpful to non-attorneys on the Commission. The listing of Arkansas by **Community Libraries & Court Houses** is an important resource as the Commission moves to enhance the ability of both pro se and pro bono access. Finally Mr. Lanoue commented that the last environmental attachment: **Documenting the Justice Gap in America** – September 2005 should be the one thing everyone reads this weekend because it sets the stage for the important work in which the Commission members are engaged.

Pro Se Committee Report

In the absence of Chairman Mullane, Ms. Pointer presented the Pro Se Committee Report which highlighted the need to determine current pro se resources [provided above in response to the committee request], and surveys of judges [discussed above], clerks, and pro se litigants themselves.

Decisions on Objectives from the Committee Reports*

* Decisions and comments leading up to them are all in boldface

DISCUSSION ITEMS	DECISIONS
DVD Issues	Decisions from this Meeting
1. The Commission needs to determine who will speak for it in two ways: <ul style="list-style-type: none"> • Supreme Court Justice opening remarks • Client story narrative [Bill Moyers in Texas] 	1. Justice narrative: Dean Goldner announced that Justice Annabelle Clinton-Imber was appointed by the Chief Justice Hannah to represent the court on the commission and everyone agreed she would be ideal to make opening remarks on behalf of the Commission. 2. Client narrative: Ron will talk with Skip Rutherford about Bill Clinton narrating the DVD with Dale Bumpers or David Pryor being approached if the former president cannot do it.
2. A professional producer and writer need to be secured. The Commission should host a meeting with 4 or 5 potential bidders on the Arkansas DVD project to elicit their advice, review their productions, and seek in-kind/underwriting support ideas. <u>Financing-</u>	<u>Parameters:</u> 7-12 minute length Partial list of potential invitees: Full Service- <ul style="list-style-type: none"> • Cranford Johnson Robinson Woods • Stone & Ward • Demp Dempsey

<ul style="list-style-type: none"> • How will this be financed? • Can the Commission utilize corporate underwriting? [Entergy, Tyson, etc.] <p>Mr. Brown described an approach he has made to Tyson seeking their underwriting.</p> <p>The Commission consensus was that underwriting funds are an acceptable method of funding the DVD providing recognition in the credits is the only advantage given to the underwriter. Editorial content and control remains vested in the Commission. To insure the appropriateness of this approach Mr. Coulter suggested showing Justice Clinton-Imber the DVD and asking her to take up the issue of funding with her colleagues. They may even want to help fund the production.</p> <p>Mr. Richardson pointed out the continuing availability of ABA funds at AVLE [\$7,000] which could be applied to this project provided one of the client vignettes covers an elderly person.</p> <p><i>Target Audience:</i> Bar and Public</p>	<ul style="list-style-type: none"> • Gary Jones Productions • Waymac & Crew • 5-Star <p>Production Services-</p> <ul style="list-style-type: none"> • Video Perfection • Talk Business -Roby Brock • Image Works – Tim Moore • Creative Media Services – Marvin Black • Comcast – Mike Wilson • KATV – Dale Nicholson • ASU/UAF production facilities <p>Ms. Olson talked about a 37-minute video done for the UALR law school which cost \$25,000.</p> <p>Judge Spears made the motion which was seconded by Mr. Coulter to proceed with the production of a Commission DVD on Access to Justice in Arkansas. The vote was unanimous.</p> <p>The Commissioners agreed that the Legal Services Committee needed to create a timeline for this project.</p>

Commission/Bar	
Goal 8. Objective 1. In 2005, the Commission should convene a joint meeting with the Arkansas Bar Association's Legal Services Committee to explore possible funding sources such as raising annual attorney licensing fees.	<p>Discussion with Chair of the Bar's Legal Services Committee, Mr. Mullane, at this Commission meeting to arrange a one hour meeting at the Bar's mid-January sessions in Memphis – January 19-22, 2006.</p> <p>Mr. Mullane was unable to attend so Mr. Lanoue was asked to seek a time that Friday afternoon to meet with Mr. Mullane's Bar committee and for the Commission to conduct its January quarterly meeting. Mr. Coulter felt that knowledge of a meeting with the Commission would encourage bar committee members to participate. Mr. Lanoue should ask the bar's Executive Director, Don Hollingsworth to secure a room for the Commission meeting.</p>
